New Feature - HELP DESK

Posted by crystalcross - 06 Feb 2012 22:10

_____

Folks we've added another new feature to the Ghosts & Haunts site.

The new feature is a Help Desk ticketing system. This will allow you to create support or help tickets if you run into a situation where you need assistance. There are several categories and the list will be expanded shortly.

This feature is accessible even if you don't currently have an account or if you can not get into your account. To access the feature simply click on the "Contact US" link at the bottom of any page.

This will quickly take you to the help desk system where you can create a ticket and begin the support process.

It our hope that as we progress you'll be able to create help desk requests for most any subject and not just website support issues.

You can also send an E-mail to

This e-mail address is being protected from spambots. You need JavaScript enabled to view it

and it will automatically open a ticket for you.
