West Mountain TB hospital Scranton, PA

I need help with this one. There is a disturbing portion where it sounds like a female voice speaking backwards using the spirit box. I'd take anyone's 2 cents about it.

Can you tell me which spot on the EVP you had that female voice. I might be able to shine a light lol!

It is kind of strange, I thought at one point I heard "go to hell", the rest reminded of the movie the exorcist which is not good. It could be demonic.

It sounds like Kelly and I talking but it isn't us at all.

It sounds like that to me as well. Did you see the photo I submitted as well? I had planned on going back because I had not seen all of it. I am estranged from the church but have had a deep desire to return.

If you decide to go back there, bring some holy water with you, and pray to St. Michael for protection befor entering.

_____

Saint Michael the Archangel,

defend us in battle.

Be our protection against the wickedness and snares of the devil.

May God rebuke him, we humbly pray;

and do Thou, O Prince of the Heavenly Host -

by the Divine Power of God -

cast into hell, satan and all the evil spirits,

who roam throughout the world seeking the ruin of souls.

Amen.

Everyone should say this prayer before an investigation...
