_____

One night while at my moms visiting my mom decides she wants to do an evp session. These were some of the results.

1.)My cousin was taking to her nephew when a voice says "Your a bitch" at 00:05

2.)Strange noise after my cousin makes a statement.

3.)My cousin whispers to me..do you have any other questions...she gets an answer of yes.

4.) I ask about who stole my mothers cigarettes all the time...meaning the ghosts but I got a different answer. A voice says "Butch". Which we found funny due to Butch was my mothers brother and when he was over he stole her pack all the time when he left.
