Taken with a white noise generator, no ghost box Posted by LishaM01 - 18 Jun 2011 05:03
After lowering the amplitude of the white noise, this is what was beneath it. The one labeled 6-16-2b is actually the original one. The second won as the extension 'a'
Please, tell me your name:
"Hey you! You! Hey you, get outta here! Hey, get outta here now!"
