EVP at old community theatre

Posted by lynzije1 - 20 Sep 2011 16:00

_____

Our local community theatre has alot of history and alot of wierd things happen in there. We do alot of ghost investigations there. Two of us were in the upstairs light booth when we recorded this. We did not hear this until play back. To us it sounds like someone runs into the room and says hello.

_____

He listens well, near the end of the audio. It is a "hello" clear. Congratulations friends
