wow that was cool how clear I heard it, it is amazing how a recorder can pick up what we can't hear sometimes..I wonder if they know there gone or of it is like a past life just repeating, if that makes sense. Thank you for sharing..

_____

It is incredible! Its hard not to believe in the paranormal when we have recordings of voices that weren't heard when we were first ivestigating! Where do those voices come from? Its just crazy.
