EVP from an earlier investigation

Posted by crystalcross - 06 Oct 2011 23:13

Here is an EVP from a previous Investigation in which Maria from Matrix Paranormal Group was investigating the same location we investigated on Sept. 17th.

You'll hear Maria saying something and then in the silence you'll here a quiet response.

I heard a faint whisper or breath not sure it is very faint was the last bit of noise made by the investigators moving around?
