Trouble with signing up to this website??

Posted by Brittany_Elaine - 12 Apr 2013 17:49

_____

I have a friend who has been trouble signing up on this website. Can anyone help me help him? Thanks! -Brittany Elaine (Supernatural Paranormal Organization Of Kansas)

This is what he sent me:

"I've been trying to sign up at Ghosts n Haunts for about a week, and I keep getting the "Invalid Security Code" message when I hit register. There's a "security code" space up top, but no box to input anything next to it, or a code that shows what to put there if there was. I tried contacting Ghosts n Haunts, but haven't gotten a response back. I've tried registering on different browsers, too.. getting the same thing."
