I've joined a Paranormal Team again.

Posted by crystalcross - 19 Sep 2015 13:28

_____

I just wanted to let everyone know, that I've come out of hiding or retirement and have joined "Nightside Paranormal Investigations" in the Florida area as the Tech Manager. I've been tossing the notion around of becoming more active again, and this allows me to work on tech gear, research and the more technical aspects of investigation which I love. It will not change my home here in Ghosts-n-Haunts.
