Testing sound cloud embed...

Posted by crystalcross - 14 Aug 2011 16:55

Just to let everyone know, I'm working on a way to embed soundcloud recordings within Forum posts.

{soundcloud soundcloud.com/ghosts-3/evp1 }

To add a soundcloud file to a Form post, simply add the following code...

{soundcloud [url of the sound cloud file webpage]}

==========

It's a great idea friend. I love it. Also use a "carrier" in EVP recordings usually give some great results
