# Possible Spirit Interaction On Video

Posted by techguy32 - 09 Oct 2011 07:17

_____

Hi All,

A few weeks ago the team investigated Shaftsbury Town Hall in Dorset. Now during a vigil I was on we asked for a clear sign of some one being with us. About 20 seconds later all the lights to the main hall came on by them selves.

We caught this on tape as well as some K2 Work and a EVP.

Have a look and see what you make of this ...
