Failing Health

Posted by angelofmusic911 - 01 Dec 2011 20:29

Hi everyone! Please forgive me, I know I haven't been present here in a while and I apologize. This past weekend has been horrible. Around 2am last Friday, I had a seizure in my sleep. My husband took me to the hospital where I underwent several tests. After a second CT Scan, it was determined that I have a brain lesion on the right side of my brain. Add that to the pain I am now feeling from the thrashing of the seizure and you've got a terrible weekend. I am asking everyone to remember me in their thoughts and prayers.

I am so thankful to have friends like you!

No need to ask for our forgiveness, all you need to do is ask for the help you need:)
