Gilson Road Cemetery Nashua, NH

Posted by thirst4kim - 28 May 2011 00:47

---

my husband decided to take me to Gilson Road Cemetery Nashua, NH today and he took apic with his cell phone

what do you guys think?

It does look like something is there but because of the clrity issue on the phone pic hard to say what it is kim. Could be the glare in the stones hole because it does look very old and maybe the phones flash or a lighting issue just made it appear something is there. Good catch though.
