Mayan Leader - Ac Tah on 2012

Earlier today a dear friend of mine (You know who you are, and can share if you wish to be known) posted a message on a different site referencing the event outlined blow. Thank you for bringing this to my attention.

This is a telecast by Mayan spiritual leader Ac Tah about the events of 2012.

I think this relates to some of the changes we are seeing in the paranormal as well.

The next earth, interesting concept. The more I think about what he said, the more it tends to make a lot of sense.
