_____

I have 20-30 different pictures of orbs, and of the 1 is a shadow person, and I think 2 of them are of white mists. I'm gonna post 1 or 2 a day. So I would love everyone's feed back and opinions.

I just added 2 more pictures,check them out and tell me what you think. The 3rd one down, there is a white mist to the left of the picture, and the 4th one down is really dark, but if you look closely to the right of the white door, you'll see the shadow person. It looks like a blob, but there is clearly a head and shoulders.I just added 2 more pictures,check them out and tell me what you think. He's is the shadow person that has been with me since I was born. he is very evil and has hurt me pretty bad in the past, but I have learned how to protect myself somewhat against him. I say he is a man, because that is how he presents himself to me.
