Updating the site

I've noticed there hasn't been many updates to the main page. There is a lot going on out there in the world that isn't being talked about and brought up. Don't get me wrong, I love the site, but when you go to a site and everything was written from 2011 and 2012, it seems like a dead site. If anyone can get in touch with the site moderator, have them email me so I can talk with them. the potential for this to be the top site for ghosts and the paranormal is huge.
