We are looking for team members

Posted by Vanessa - 02 Apr 2011 16:54

Hi All,

This site is absolutely great; the Teams Wanted section is a breath of fresh air!

I'm a member of SPARS (Southern Paranormal & Anomaly Research Society), and we have several chapters throughout the US as well as our newest edition in the UK. I'm the Texas Chapter's Assistant Coordinator, and we are actively looking for new members. The Texas Chapter is currently based out of San Antonio, but membership is NOT limited to just San Antonians. If you are interested, please send me a message here, or I can be reached via email at

This e-mail address is being protected from spambots. You need JavaScript enabled to view it

Additionally, SPARS is currently accepting investigator applications in the following chapters:

The Carolinas, Mississippi, Georgia, Florida, Alabama, Texas, Tennessee

If you are interested in joining a chapter of SPARS, call 803-979-3661

Information can be found at www.spars-paranormal.com

Thanks!

Thanks,

I know we have members here all the time looking for teams to join. Would any of your groups be interested also in doing some live investigations on the web?
