Shout out to California Groups / Members

Posted by crystalcross - 13 Apr 2011 03:02

_____

I just want to send a shout out to all of our California paranormal groups. I was just talking to a member who is interested in finding a paranormal group or agency to work with in the Mission Viejo, California area.

If we have any groups in that area, please give a shout so that we can get you all connected together.
