I'm coming

Story of the home is that 2 years ago a man was found murdered after he broke into his girlfriends house to attack her, supposedly he stabbed himself in the chest 3 times.

I will attach my clearest EVP's through out this thread.. I have about half a dozen from this 3.5 hour investigation)

there is so much activity in this home, I will propably have to comb and recomb over all of the recording just to get a fraction.

I clearly heard a sinister cartoonish laugh in my ear, and was hoping it was caught on the audio but wasnt..;(

I was very pleased with what I got, I just my crew was more quiet (their recorders aren't as clear as mine so thats why I'm assuming they are yelling the whole time... (the entities are probably thinking I'm dead.. not deaf..lol)

LOL!! I know its hard to analyze all the evidence. I had to listen to the longer recording several times. But what I was hearing was giving me chills. This is definitely a Hot Spot. Just please use caution. I feel evil surrounding this place. I also heard evil. Those growls are definitely demonic, and some of the voices as well.

I get stuff almost everywhere I have lived (I'm a modern day gypsy lol) My 5 year old said he heard someone say "hey there" when we came in, but nothing here has been happening.

There are some voices that are holding off, and as soon as I get in I turn on the recorder, even far before the investigation.

We got lots of random clanging of what sounded like glass, before the investigation... but nothing there on video as we had yet to set it up.

I am not sure if "Don" is still there but Jacob is very prevalent..

The one other female investigator had a recording session going on with her recorder when the tenants were moving some things out the baby was in the kitchen (she claims, but her recorder is kinda crudy) thatit said "get the baby" the baby cried, then it is another voice that says "good-baby-good-baby-goodbaby and he laughs" She sent them to me, but I am not sure I heard that

Wow! Its hard to tell, but I heard a voice at the very beginning of the first recording. It did sound like "get the baby", or something about "the baby". I cannot hear anything else. The quality is so bad, its hard to tell. I will listen to them again when the house is a little quieter, and see if I can hear anything else.

Ibuyrem, its just so hard to hear because the recording are of low quality. I really wish I had something to clean it up, so I could hear only the voices on the recording.

I do feel Don is still there, but Jacob is so powerful (and demonic in nature) that its nearly impossible to pick up on Don.

she sent me this one as well from the house, she thougth it was laughing when the baby was crying.. I took "some" of the hiss out, and to me it sounds like "did you hurt my boy?"
