I'm coming

Story of the home is that 2 years ago a man was found murdered after he broke into his girlfriends house to attack her, supposedly he stabbed himself in the chest 3 times.

I will attach my clearest EVP's through out this thread.. I have about half a dozen from this 3.5 hour investigation)

found a few more EVPS-listen..

*bang, then a high frequency burst (we had left 15 minutes prior to get some coffee)

*Growl

*Some sort of Response to the name Funk

tapping in the room when we were outside

As to this house, I have really mixed feelings. There is something there that I do NOT like, but all of the other ones seem okay.. John is the one I don't feel comfortable bout.. but Jacob doesnt seem to bother me.

This place is Like Disneyland for the paranormal investigator.

this has to be an investigators orgasm. I don't think I have heard of any investigation obtaining so much evidence, WTG

something like that, you have to remember we did three hours there one evening, then I recorded while we were reviewing evidence and did a mini session and then another 3 hour session.. this home is a GOLDMINE.. thats why i wanted to share it.. if there were other groups around here.. I'd invite them to come along.. rare..rare find.

Still got to get the shadow that was going down the stairs and the light anomaly that came on the screen in the firt 6 minutes of the first sweep of this home.

Jacob and John are oke! en the woman also. But there are 13 spirits there. And who is bud? And

christina? I I want to delve into the history of the country. I feel that someone has drowned because I feel also under water. And hardly breathe.

she sent me this one as well from the house, she thougth it was laughing when the baby was crying.. I took "some" of the hiss out, and to me it sounds like "did you hurt my boy?"

I heard "GET OUT OF HERE", But I will listen to it several times....

very last one.. its more about the odd bang when I was gasping for air, having a headache.. blurred vision and feeling like I was going to throw up

The ones posted with the two are off of my recorder.. I'm sure I will be getting some from my crew as well (we each have our own.
