Profile Pictures

Posted by crystalcross - 21 Mar 2011 20:41

_____

Folks let me first say my sincerest thank you to all the wonderful new members to our Ghosts & Haunts site. Thanks for taking the time to participate in one of the fastest growing Ghost, Haunting and Paranormal sites around.

I would like to remind everyone to try and add a profile photo to your profiles. It really helps to get everyone to know you, and makes you stand out. It does not have to be a picture of you, but can be something that personifies who you are if you prefer.

I look forward to hearing everyone's input in the days to come, and thank those of you who have already made this your home and starting contributing.

Have a great day!

==========
