Hello!
Posted by BHPI Josh - 22 Oct 2011 13:55

Hey everyone. My name is Josh Wennes. I'm an Investigator and Public Relations Specialist with Black Hills Paranormal Investigations. We have been active in the Rapid City area for nearly 5 years. Found this site on Twitter, glad to be aboard!

Josh,

So glad to have you on board, and look forward to having you represent your group here. Remember to add yourself to the "Haunts" under Paranormal Agencies. Also if you wish add a link at the bottom left of the page. Hope to see more from your group, and perhaps eventually a live investigation!

How does one do a live investigation here?

If you're interested I would set you up with a special account. And then you would need either an Android phone with internet at your investigation location, or a laptop with a source of internet at your investigation site.

Basically we have an Android App, and also a Web Flash app that will let you stream one or more video feeds to our video server. Which we would then make a page for on the site so that everyone can follow you along while you investigate live. Its actually much simpler than it sounds, the hardest part is finding a source of internet where you are about to investigate.

We've tested with WiFi, 4G, 3G, and even EDGE connections and it works just fine. WiFi and 4G allows multiple video feeds, while 3G and EDGE only allows a single feed. If you're on a laptop, you also can chat with members at the same time, so you can get and answer questions white you're on site.

Wow! That sounds awesome! I think we will be partaking in this definitely in the future. Thanks so much! I will be in contact with you when we get an investigation that we can do this with!
