Looking for Ghost Cams

Posted by crystalcross - 07 Apr 2011 23:17

Do you have a Ghost living in your house? Has he been sighted or heard?

We're looking for volunteers to run "Ghost Cams". A 24/7 live web cam looking for ghost activity in your house.

Whats required?

Laptop or computer near where the cam will be.

Standard Webcam with low-light capabilities. (Infra-red preferred but optional)

Internet Connection

If you're interested in setting this up, please let us know. We'll work with you to set up a "Ghost Cam" on this site. Multiple Cam's welcome, the more the better.

We'll be putting a page where our members can report activity they see or hear.
