Greetings from Alabama

Posted by BriteSun - 03 Jan 2012 00:18

Hello all! I just joined after having "followed" GnH on Twitter for some time! I have always believed in the paranormal (everything from spirits/ghosts to BigFoot, Nessie, and UFOs!) There is SO much out there and so many stories that some of it HAS to be true! We have a local Paranormal group in Montgomery (Southern Paranormal Researchers) that I have been on one hunt with. Not much happened that night as far as EVPs, or pics, but did get some interesting things on the Spirit Box!! I am looking forward to exploring all that the site has to offer, and would eventually like to get some equipment to do some "investigating" of my own!! Happy New Year!!!

Brite,

So glad you made the dimensional shift from Twitter to the Site directly. We're happy to have your input and contributions.

Look forward to seeing some of your investigations, and always remember to investigate with proper cautions and respect.

Look forward!

Welcome! Lucky you have been on some hunts... I haven't yet, but always seem to attract a certain amount of unexplained occurences.
